“L’indipendenza è un valore. Le Generali da sempre sono patrimonio del Paese”

Extended interview with Marco Drago, President of the De Agostini Group, on the importance of protecting the independence and governance of Assicurazioni Generali a few days before the Assembly that will decide on the renewal of the Lion's Board. Marco Drago focuses in particular on the work done in the last fifteen years by De Agostini, also through his representative on the board, Lorenzo Pellicoli, for modern and market governance, culminating in the presentation of the board list, and does not miss his support of Leone's current management.
